Proof
ID- 06

Name	Representation of additional menu of functions , which is opening after holding down the line of note, for the first 3 lines of notes are difficult to use.		
Project	NotePad	Status	new
Module	UX	Environment	ZTE Blade A3 2019RU Android 9 Samsung Galaxy A13 Android 13
Version	null	Author	Aleksandr Seleznev
Severity	minor		
Priority	normal		

| Steps |
|---|
| 1. Launch the application;
2. Press the line of existing note;
3. Press button 'Settings' in the top right corner;
4. Press line 'Delete'. |
| **Expecting result** |
| The additional menu with functions is normally viewed and easy to use for all notes in the list. |
| **Actual result** |
| First three notes are difficult to use with an additional menu with functions. The menu window is too small. |
| **Proof** |
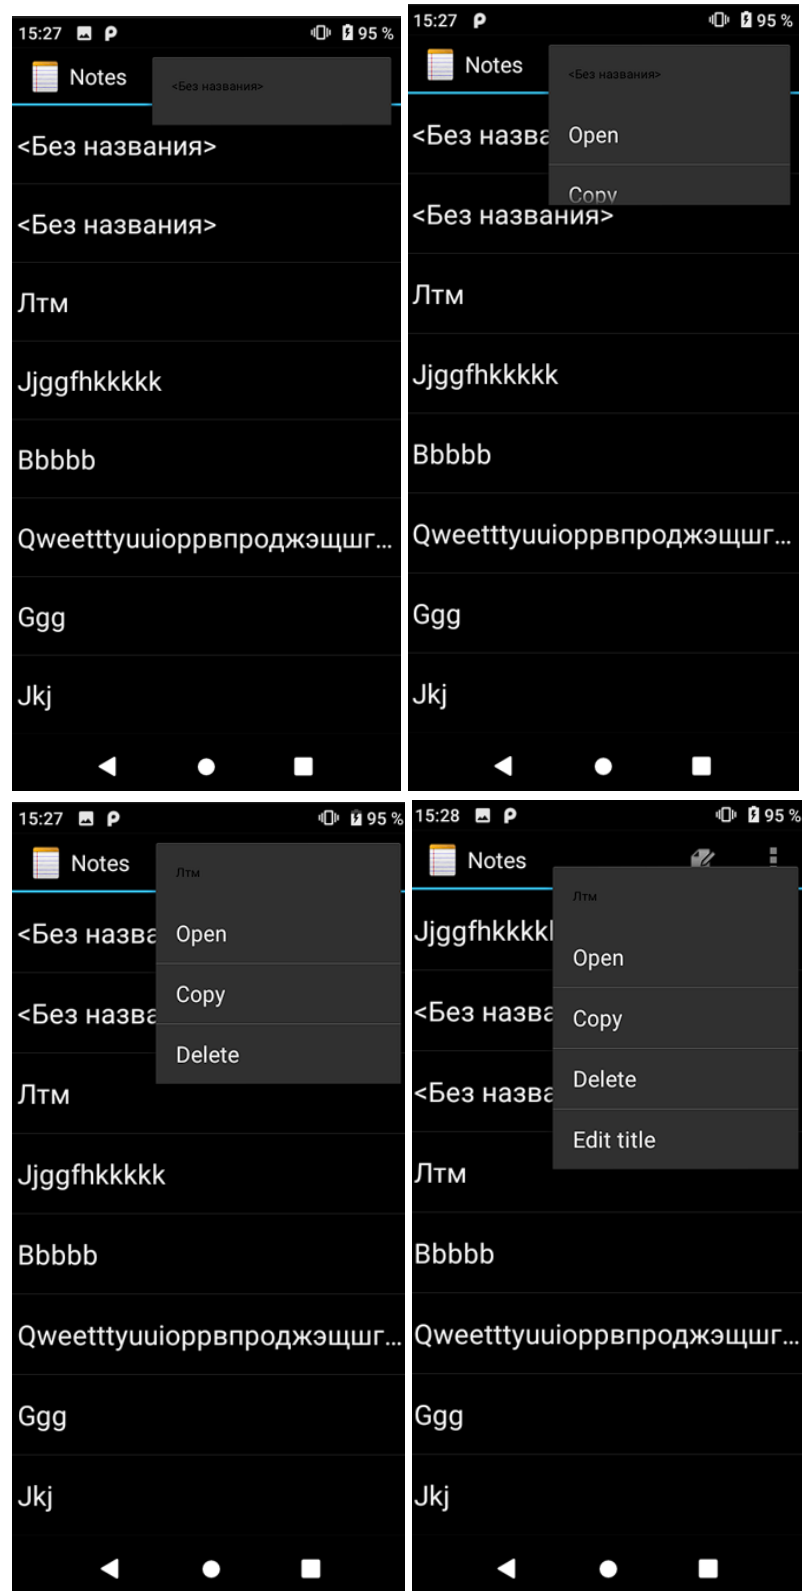

Results of testing application 'Notepad', version null.

After testing of application we have a result represented in table below:

Failed	3	5	6
Passed	29	27	23
OS	Android 6.0.1	Android 9	Android 13
Devices	Asus_Z00ED	ZTE Blade A3 2019RU	Samsung Galaxy A13
Data	09.03.2023	09.03.2023	09.03.2023

Sorting quantity of bugs according to the severity:

Device	OS	Critical	Major	Minor
Asus_Z00ED	Android 6.0.1	0	1	2
ZTE Blade A3 2019RU	Android 9	0	2	3
Samsung Galaxy A13	Android 13	0	2	4

Conclusion:

According to point 6 of the test plan the product should not contain critical and blocking defects in the final version of the project.

Application can not be released and must be fixed.
